TAKE MONEY AND AUTO

Forced into the rear seat of his own automobile in a downtown section of the city and then driven to the outskirts, robbed and left carless and moneyless in the street was the experience of H. A. Brett today. While driving his car at the intersection of Broadway and Sixth and Wall streets shortly after 11 o'clock, five men, poorly dressed and armed with revolvers, jumped into the machine, forced him into the rear seat and drove away with the car. Brett was left in the street with only his clothes and a few dollars.

PROPOSE MEANS TO AID JOBLESS.

Unemployment Conference Hears Committee Reports.

Limitation of Armament is Among Recommendations.

Readjustment of Prices and Wages Stressed.

WASHINGTON, Oct. 11.—General measures to aid in the permanent recovery of business and industry were approved in a report adopted today by President Harding's conference on unemployment.

Limitation of world armament "and consequent increase of tranquility and further decrease of the tax burden," is urged both in the general report and in a report from the subcommittee on foreign trade, which also was approved by the conference.

Other recommendations contained in the general report include the following:

Readjustment of railway rates.

Speedy enactment of tax legislation.

Definite settlement of tariff legislation.

FINANCIAL RELATIONSHIP.

Settlement of the financial relationship between the government and the railways.

Steps toward the minimizing of fluctuations of foreign exchange.

Elimination of waste and more regular employment in seasonal and intermittent industries, notably in the coal industry.

Adjustment of inequalities in prices during the deflation process.

The report of the committee on foreign trade, which was presented by Joseph De Fries of Chicago, president of the Chamber of Commerce of the United States, besides urging limitation of armament, urges that the United States exert its influence toward a reasonable control of the present unregulated payment of reparations by Germany and advocates the early enactment of legislation enabling the administration to deal with the funding of foreign loans.

REPORTS APPROVED.

The reports were approved by unanimous vote.

In connection with the section of the general recommendations relating to the settlement of financial relationships between the government and railways, Matthew Woll, vice-president of the American Federation of Labor, announced that labor agreed with the principle of the resolution but would present its views later as to methods to be employed.

John L. Lewis, president of the United Mine Workers of America, filed with the conference a statement urging the extension of government credits to working men and women as an emergency relief measure in unemployment crises.

The general conference will meet again tomorrow, at which time further reports of subcommittees which are not of a controversial nature will be presented. On Thursday it is planned to present committee reports which include majority and minority views.

COMPARATIVE PRICES.

Attached to the general report approved by the conference is a table of index numbers showing prices of different commodities in August, 1921, based upon 100 for 1913. Comparison follows:

WASHINGTON NEWS IN BRIEF.

WASHINGTON, Oct. 11.—The preliminaries of the Washington conference in the limitation of armament will be set in motion tomorrow when the American delegation will hold its first meeting to consider questions of policy and procedure.

Settlement of the Panama Canal tolls controversy through diplomatic negotiations before the House acts on the Borah bill was predicted today by Senator Lodge of Massachusetts.

Chicago is the stronghold of the Ku Klux Klan, according to testimony given today before the House rules committee at the opening hearing to determine the necessity for a Congressional investigation of the Klan.

Amendments limiting the authority of the Secretary of the Treasury in the refunding of foreign loans were considered by the House Ways and Means Committee today in connection with the administration foreign loan refunding bill.

General measures to aid in the permanent recovery of business and industry were approved in a report adopted today by President Harding's conference on unemployment.

Repeal of all the transportation taxes effective January 1 was assured today when the Senate adopted an amendment presented from the finance committee ending controversy over the matter.

House Republicans intend to do everything possible to bring about final enactment of permanent tariff legislation before February 1.

The American Legion inaugurated today an aggressive campaign in behalf of the Fordney-McCumber adjusted compensation bill for veterans of the World War.

ments upon this table, which is designed to show the need for an adjustment of inequalities in the deflation process, are made in this report as follows:

"In the field of all the different industries and occupations the rapidity of recovery is greatly upon the cover of proportionate adjustment of the inequalities in deflation. A table is attached hereto, drawn from various sources, showing the percentages of present levels above the levels of the same commodities and services of the prewar period."

"It will be observed that agriculture has the highest percentage of present levels above the levels of the same commodities and services of the prewar period. While transportation, coal and some branches of the construction industries are of the highest."

RETAIL PRICES HIGH.

It will also be observed that there is an entire disproportion between the price of the primary commodities and the ultimate retail price. These disproportionate increases in the price of commodities are due to increased costs of transportation, enlarged profits, interest, taxes, labor and other charges.

"If the buying power of the different elements of the community is to be restored to the level it must reach nearer a relative plane. For example, the farmer cannot resume his full consuming power and thus give increased employment to the other industries until either his prices increase or until more of the other products and services come into balance with his commodities and therefore the reach of his income."

Georgia Negro Takes Belt for Large Families

SAVANNAH (Ga.) Oct. 11.—A. B. Burgess, a negro employed by the Atlantic Coast Line Railway, probably has the largest family in Georgia. He is the father of thirty-two children and has had three are living.

The negro is the father of seven sets of twins and two sets of triplets. When the last set of twins were born, Burgess and his wife had run out of names for them and they went nameless until they selected their own names when they entered public school.

Burgess shied at selecting names when he found that among his progeny he had been "doubling up" having two "Willies" and two "Sallies" in his flock.

NEW LABOR-SAVING PLAN IS ADOPTED.

MAIL CARRIER DESTROYS OVER 10,000 LETTERS; TOO TIRED TO DELIVER THEM.

DENVER, Oct. 11.—More than 10,000 letters addressed to Denver residents have been destroyed during the last three months by Lester W. Coats, 23 years old, a substitute mail carrier, according to an alleged confession made by Coats today to Captain of Detectives Rinker.

Coats was arrested. According to Capt. Rinker, a quarter of a ton of letters was found in the basement of Coats's home today, where he had placed them a few at a time. Capt. Rinker said the man confessed, "because he did not want to work more than eight hours a day."

Coats also is alleged to have confessed to burning thousands of letters because he did not want to go to the trouble of delivering them.

FEDERAL JUDGE TO SEEK RETIREMENT.

CHEYENNE (Wyo.) Oct. 11.—Judge John A. Riner of the United States Court for Wyoming for the last thirty-two years, will file an application in Washington, D. C., tomorrow to be retired. It was learned here today. It was said T. Blake Kennedy of this city, chairman of the Republican State Committee, is a candidate to succeed Judge Riner.

AVERAGE SPEED OF FLYER 170 MILES.

WASHINGTON, Oct. 11.—Flying at an average speed of 170 miles an hour, Lieut. H. K. Ramey, piloting a De Havilland Army airplane, in which Lieut. Terry Wolf was a passenger, yesterday went from Washington to New York in seventy-nine minutes, setting a new record. It was announced today at Bolling Field. The trip was made for the trip was eighty-six minutes.

WHILE THE AIRPLANES TO REACH POLE.

SEATTLE, Oct. 11.—Capt. Roald Amundsen, discoverer of the South Pole, and conqueror of the North-east Passage, will use airplanes in an effort to reach the North Pole in present plans for drifting past the top of the world were impracticable. H. H. Hammer, his representative here, announced today,

TUMULT OF SPENDING IN VIENNA.

People Near Panic in Efforts to Get Rid of National Currency of Little Worth.

VIENNA, Oct. 11.—There is panic in Vienna. The shops and banks present most extraordinary sights, with customers in some cases literally storming them and shopkeepers in many cases putting what restrictions they can upon selling. Those with money really have been seized by fear and Vienna presents the extraordinary sight of a capital city afraid of the national currency.

It is not possible to diagnose the exact cause of the panic. It was caused by the collapse of the Austrian kronen, which at present is selling at 1,500 per pound sterling, by fear that the shops may run out of stocks through inability to replenish them with the broken currency, and also that what is called "Russian conditions" may ultimately prevail here and that the country will be overwhelmed in a flood of paper money utterly destroying what value remains in the present currency.

To walk through the big Viennese banks at present is to see a huge crowd at the paying counters and a huge crowd in the departments dealing in foreign currency.

The latter crowd consists chiefly of ordinary speculators in currency but there are many who are anxious to buy foreign currency with a view to having an "iron ration" as it is actually called, in francs or marks, or dollars, in case the kronen becomes utterly worthless.

The first crowd drawing out money had simply lost faith in the kronen and want goods. Shopping is now a bewildering process. Prices may increase two or three times in a single day.

Some shops are refusing more than a certain number or weight of goods to a single customer. Others are reducing their shopping hours.

Purchasers are going far beyond immediate or contingent requirements, and several persons are attempting to obtain certain food supplies to last for a year. Many sigh that they did not do so before prices rose so sharply.

It is all very bewildering and panicky.

Industrial leaders speak confidently of the situation and even if the kronen remains at its present very low level shopkeepers and customers and wages will adjust themselves to it just as they adjusted themselves to previous sharp and sudden depreciations.

DECIDES AGAINST ARIZONA ELECTION.

SECRETARY OF STATE UPHOLD BY SUPREME COURT IN BOND QUESTION.

PHOENIX, Oct. 11.—The State Supreme Court today ruled that Secretary of State Hall was correct in his refusal to call a special election for submission of House Bill 33, an amendment to the State Constitution permitting the State to exchange its bonds for bonds of reclamation projects. Hall especially based his action on his receipt of a referendum petition signed by a sufficient number of electors, calling for a delay in submission till the next general election.

He also called attention to the fact that the bill reached him in incomplete shape, not signed by the legislative members and not carrying any authorization or appropriation for the expense, estimated at \$10,000.

The bill was supported by more than a score of irrigation enterprises in various parts of the State.

The court failed to pass upon the legality of submission at the next general election. This question will be brought before the tribunal at once by Secretary Hall.

Peggy Joyce's Husband Sued by Jewelers.

CHICAGO, Oct. 11.—James Stanley Joyce, millionaire husband of Peggy Hopkins Joyce of Polaris fame, was made the defendant in a suit for \$270,000 filed in Circuit Court today by Carier, Inc., Paris jewelry house.

The petition avers that the amount is due on \$500,000 worth of jewels purchased by Joyce at various times for his bride, while they were in Paris and other parts of the European continent.

In his suit for annulment of his marriage to Peggy Joyce attempted to recover the jewels, contending that he had paid for them in notes.

The former Polaris queen, however, was successful in keeping the jewels in her possession and recently is reported to have been wearing part of the collection while touring the famous watering places of Europe.

Divorce proceedings between the couple are pending in the courts here after a spirited legal battle in which the fair Peggy was awarded \$1150 month temporary alimony and attorneys' fees.

The Davenport Treacy Small Grand

Rare indeed is the piano of such versatile accomplishments as the Davenport Treacy. Here is an instrument that meets the demands of severe musical critics and of those to whom space-economy is imperative. The Davenport Treacy Small Grand has the beauty, not only of line and design, but of tone of the larger concert grand, yet it occupies no more floor space than the ordinary upright piano.

To demonstrate the capabilities and the adaptability of the Davenport Treacy Small Grand to your home would be a pleasure.

FISHING FLEETS READY FOR RACE

Boston and Gloucester Boats in Contest Today.

Winner Will Defend America in Nova Scotia.

Great Contest Recalls Days of Clipper Ship.

BY A. P. DAY WIRE
GLOUCESTER (Mass.) Oct. 11.—The fisheries were forgotten in this fishing port tonight and talk was all of tomorrow's ocean race of schooners for the championship of the New England fleet and the right to represent it in the forthcoming international series at Halifax, N. S.

The Gloucesterman *Esperanto*, winner over the Canadian *Delawana* a year ago, having gone down last spring, the race was to pick the defender of the trophy she won.

Five vessels, fishermen all, sought the honor of victory. Interest largely in the *Esperanto*, 137 tons, with the best records for runs to the banks and back, at the command of her skipper, who was skipper for the *Esperanto*.

Both cities have furnished some of the ablest and fastest vessels that have sailed the Atlantic flag. The swiftest sailing ship that ever spread canvas to the winds of heaven was launched at Boston.

The *Esperanto* was launched at the beginning of the year 1884 from the Boston shipyard of Donald McKay, a native of Nova Scotia and the premier designer of American clippers in the classic age of the sailing ship.

When the vessel was launched, she was the fastest sailing ship in the world. She was built by the shipyard of Donald McKay, a native of Nova Scotia and the premier designer of American clippers in the classic age of the sailing ship.

Accident to Gridiron Skipper Gives U.S.C. Supporters a Shock.

CHARLIE DEAN NEARLY HAS SHOULDER RUINED.

U.S.C. Football Captain Gets a Jolt in Scrimmage With Freshmen; Will be Out for Two Weeks.

BY PAUL LOWRY.

A scrimmage between U.S.C.'s freshman and varsity football teams last night came near ruining one of the big stars of the varsity backfield—Skipper Charlie Dean—and putting a crimp in U.S.C.'s hopes for a victory over California.

Following a lengthy run around the end, Dean was tackled from behind by a speedy freshman and dragged to earth. The freshman got a whistler hold on one ankle and Dean hit the ground with a thud, rolling over and over. When he stopped he lay limp and had to be assisted to his feet. Frank Lockett helped him to the locker-room and a hurry-up call was sent for Dr. Weston, the team surgeon.

Investigation disclosed nothing worse than a slight dislocation, which, however, will keep Dean out of the game for a couple of weeks.

Secret practice behind pedicocks and the scrimmage with the "fresh" was the dose allotted the varsity by Coach Henderson last night. Gloomy expectations of the work of one squad, while Bill Hunter and "Swede" Rundquist were about doing their bit with other batches of Trojan gladiators.

Piercing Battle. Henderson is certain the Occidental Tigers will have a terrible battle on Patterson field next Saturday and he is giving them the works just as though it was the biggest game on the schedule.

The game with Caltek added one more Trojan to the hospital brigade. Gordon Campbell, halfback, having his trick knee twisted. This is the same leg which he twisted in practice before the game with the "fresh" last year. He is out for two weeks. Frank Lockett, another good back, is also having a bad shoulder and it is doubtful when he will get into the game.

With Dean, Campbell and Lockett out it is probable that Henderson will start Leasingham, Hearn, Kincaid and Galloway in the Occidental game, falling back upon Turk Hunter, Eddie Leahy and Chet Dolley as reserves.

The Trojan forward wall against Occidental is problematical. Big John Boyle can't play because he is not eligible on account of a southern conference ruling, which bars a man who has been out of school the previous semester. Caltek may play tackle again, as he did in the Caltek field meet with L. Lindley at center, Brother Lindley at one guard and Hester at the other. Swede Evans will hold down the right tackle berth, Jimmy Smith right end, and Paul Greene, who is rounding into wonderful form, the left flank.

Reports that Andy Smith's California eleven was shot to pieces received little credence on the Trojan campus yesterday. Stories from the north say Brick Muller's leg was broken in the Nevada game, Englebrecht's shoulder burst, and Eiel's ankle shattered, but nothing of Charlie Erb's eye trouble.

Stanford's Rush Line Has Improved Considerably.

But the Backfield Is No Better Than Week Ago.

(Continued from First Page.)

STANFORD UNIVERSITY, Oct. 10.—Bud Woodward, quarterback for the Stanford varsity, is out of practice because of a strained back muscle. DeGroot, center, is on the inactive list with three cracked ribs.

Wilcox came out of the game against St. Mary's in the first quarter with an injury to his right arm.

Today wears a clumsy bandage on his right hand. All of which indicates a very difficult time for the team.

Stanford's rushing line, which was the team's only off-side twister, lasted a little longer than Toney, but nothing to boast about.

BARNES STRIKES OUT TEN YANKS.

maining innings he occupied the mound.

Barnes was Manager John McGraw's second choice. Jess didn't start the game. Fred Toney did that. Toney had gone across the plate on a bit of snappy consecutive hitting by the Yankees when he was removed from the game.

In the second a single followed by Fowler's homer added two runs to the Yankees' total.

MASTERS THEM.

The Yankees scoring stopped right there. Barnes was their master all the rest of the way. He had the American League batsmen constantly guessing and usually guessing wrong.

Every regular on the Yankee team was fanned by Barnes at least once, and several of them were struck out.

It was Barnes' second victory of the series.

Manager Miller Huggins, as well as his managerial opponent, John McGraw, was forced to a second choice of batters early in the game.

AUTO THIEVES TAKE A DOZEN.

The following autos were stolen from the streets of Los Angeles yesterday: Hudson 1915 touring, 235-235; Dodge 1915 roadster, 114-763; Buick 1915 touring, 329-224; Oakland 1922 touring, 556-569; Oldsmobile 1916 touring, 153-819; Oldsmobile 1916 touring, 433-433; Ford 1917 delivery, 340-476; Ford 1915 touring, 515-111; Ford 1915 touring, 402-074; Ford 1914 touring, 361-353; Ford 1917 touring, 246-256; Cole touring, 394-401.

Anyone seeing any of the above cars is requested to notify the theft bureau of the Auto Club of Southern California, or police headquarters.

ARE HUNG UP.
The South Pasadena team is somewhat crippled as a result of their argument with Monrovia last week. Carl Deere, the Tigers' most consistent ground gainer, is bothered with Charles Horse, and Left Tackle Covey is considerably bungled up. Carr, a backfield man, cracked a rib and will, in all probability, be kept out of Friday's mix-up.

Bond, Erment, and Newert, who make up the right side of South Pasadena's line, have a man-sized job ahead of them when they buck up against Alhambra's left portion of forwards, composed of Capt. Geer, Stein and Donaldson, a 202-pounder. Hood, playing center for the Tigers, will match his 145 pounds against Rex's 151, and Glavin, Covey and Little will be pitted against Youm, Ham and Feldmiller on the line.

Winters uses a novel system in the back field. Two full backs and two halfbacks make up the ball-carrying department on his team, any one of whom may be picked to holler the signals. Cleveland and Deere are Winters' first string halfbacks. Capt. Buck and McHenry completing the team as fullbacks.

TEAMS TO PLAY AGAIN ON NEXT SUNDAY.

Going up against Lucky Lugo and Young George, the ball playing boys, Mill Unger and the Gene Murphy ball club will play a return game at Alhambra's left portion of forwards, composed of Capt. Geer, Stein and Donaldson, a 202-pounder. Hood, playing center for the Tigers, will match his 145 pounds against Rex's 151, and Glavin, Covey and Little will be pitted against Youm, Ham and Feldmiller on the line.

FLASHES. RALPH GRAVES MARRIED.

REPORTED WED PRIOR TO TRIP WEST FOR PICTURES.

By Grace Kingsley.

Eros captures them all sooner or later. But sometimes his votaries do manage to cover their tracks successfully, for a time at least. Whether Ralph Graves is a married man, or merely a fiance, is a question that is puzzling the cupid hounds hereabout.

According to an announcement from New York, Mr. Graves is a married man, the bride being Marjorie Seaman, a young actress. The wedding took place in St. Paul, a few months ago, when Mr. Graves passed through that city on his way to California, to accept a film engagement here.

Asked yesterday regarding the matter, and confronted with the report, Mr. Graves merely laughed, but attempted only a faint denial.

"You can go right ahead and announce to the world that I am married," he added. "I expect the young lady to be here very shortly."

So whether he is actually married or merely engaged, it appears that Miss Seaman is the girl of his heart.

The pair met in the Griffith studio in New York, when Miss Seaman came to the studio in search of a film career. "Driven Street" was being made at the time, and Miss Seaman was presented to the leading players among them, Mr. Graves.

A friendship was formed almost at once, which soon ripened into love.

Miss Seaman has been fulfilling a stock engagement in St. Paul, but will shortly come West, according to Mr. Graves' admission.

Ruth Renick writes.

Hobnobbing with princesses and poets is becoming just an everyday matter in the life of Ruth Renick, star of "The Lagoon of Desire," now being made in Tahiti by the Far East Productions Company. Moreover it seems possible the young lady may never come back to us.

Red post please write.

From Miss Renick comes the following entertaining missive, which serves to show how Tahiti and native princesses and poets stand with her:

"As this stationery proves," writes Miss Renick, "in someone's place of business, but there are no locks on the doors down here. You just walk in anywhere and make yourself thoroughly at home. But open-hearted hospitality you never saw. And such peace, quiet and softness in their voices here! The gentleness of Southern Pacific Ocean breezes is surely in them."

"I got awfully mixed over the money here and receive a lot of little papers with queer writings, and still have a little cash. If I could just hear someone say, 'It's all right, please!' or could look a good old American dollar in the face right now, I certainly would be happy."

"I have walked this morning, not on many blocks or miles, but on a kilometer and fifty meters, and not only once but three times. This is no country of automobile knees, as you are very scarce, though the few one finds here are of exceeding quality."

"I have started a diary for this trip, and it is a most important thing, my acquaintance with Tom Skelly, the famous young Australian poet whom I met aboard the S.S. Tahiti, coming down, and the Princess Terri of Tahiti. They are both dear."

"The most interesting people I have met in the South Seas are the natives, a mixture of English, French and Tahitian. She is very big, stout and rather dark. Beautiful eyes. Very intelligent and speaks several languages fluently including English."

"She has asked me to visit her, and I am looking forward to it keenly. She says that the island is becoming too civilized and it makes her sad."

"Doesn't that sound just like what you'd expect a Princess of the South Seas to say? She confided to me that she would like to see Mary Pickford. Doesn't it beat all the way that delightful Pickford person wriggles her way into the hearts of every color and nationality even in the remotest places?"

"Our people are so interesting and everyone takes a wonderful interest. On location we are actually at the Lagoon of Desire, and Moore, a smaller island, lies just across the lagoon. I should like to tell you of the reds, purples, crimsons and scarlets of the sunsets, but have neither the ability nor sufficient beautiful words, so must leave it to your imagination."

"Expect to be back in the States by October 25 or 26."

"Sincerely,"

"RUTH RENICK"

Andie Stewart Comes Home.

Andie Stewart has returned to this city from several months' vacation in New York.

Fred Noble is to direct the Louis B. Mayer show. She has two stories under consideration, one of which is "The Rose of the Sea," from a well-known novel.

abroad in case a suitable one cannot be located. In this event they will occupy each studio for a period of six months and during the time that they are idle will rent the plants to other producing organizations.

Mary Pickford is not seriously ill in Paris, declares Jack Pickford, her very active brother. She is very much worn out with her strenuous work of the past few months, but several weeks of rest will find her entirely restored, according to her physician.

Ruth Stonehouse to Travel.

After all, the fans do love to see their favorites in the flesh and blood. Personal appearances are becoming more and more popular. But it is qualified to make these appearances as is Ruth Stonehouse, who is in Los Angeles yesterday, for Chicago, where she is to appear every evening during next week, at the McVicker's Theater.

After completing this engagement, Miss Stonehouse will appear in several of the suburban theaters for an indefinite period, and then make a short tour of the principal houses throughout the Middle West.

Miss Stonehouse was in vaudeville at one time, and is an accomplished dancer, as well as being possessed of a singing voice which will pass muster in any vaudeville house in this country.

Page Bebe Daniels.

There are some things in professional life that are just too much, says Bebe Daniels. Take that compact between Chester Franklin, her Realtor director, and Eddie Sutherland, for instance.

"The other day," said Bebe, "there is a awful lot of kissing in this picture!"

"Naturally!" answered Eddie Sutherland.

"Naturally?" inquired Miss Daniels.

"You see," said Bebe, "Franklin is practically writing the story, and—er, well, the fact of the matter is, he writes it in dollars for every kiss he writes into the story, and—"

"Please," interrupted Miss Daniels, "don't forget that we are my kinsmen Mr. Franklin is selling. And that ever occur to either of you gentlemen?"

And away glides Bebe.

Wallow at Romance.

Dear me, what an awful wallow poor Romance does at every once in a while. Take pretty Katherine Witche at the Orpheum, for instance. Miss Witche quite lives up to her name, and is frequently the recipient of much notes and flowers.

But one admirer has been sending flowers to Miss Witche during the whole of the past year, every time she opens her performance in a new town. There has never been any note or card accompanying the flowers, but the flowers themselves have been eloquent. Miss Witche says she really became quite excited over the matter. But yesterday, the bubble broke. She got a letter from one William Drakeman, which read:

"Dear Miss Witche: I have long admired your work. I know you must love nice flowers, so I'm sending you some to be bestowed on you at every opening performance. I believe our flowers are superior to others, and I hope when you are in New York you will patronize our shop."

The signature was accompanied by a hand pointing to a florist's letterhead.

Miss Witche says she feels that she really has to have the gentleman think she is evidently a millionaire.

Harry Myers Engaged.

Harry Myers, the gifted comedian, who leaped to fame through his regular card accompanying the other recent productions, notably "A Yankee in King Arthur's Court," and who just completed a leading role in Rex Ingram's "Turn of the Mind," has again been signed by Metro.

This time Mr. Myers will play opposite Alice Lake in a production named "Kisses," which Maxwell Karger is to direct.

TWO ARE BANKRUPT.

Ralph S. and E. J. Gaston filed petitions in bankruptcy in the United States District Court yesterday. The assets of the first named amount to \$10,939.30 with assets of \$27,677.75; the debts of the latter are \$10,939.30. Of the latter the latter \$9,612.75 is the listed value of unliquidated claims. The financial troubles arose from the operation of the Highway Lumber Company.

RADIOS. STAGE ATTRACTS HER.

COLLEEN MOORE TO APPEAR IN HUGHES PLAYLET.

By Edwin Schallert.

Having made herself exceedingly popular as a leading woman in the pictures, Colleen Moore, who recently appeared as the title character in "The Wall Flower," a Rupert Hughes story, is shortly to make her debut on the stage. Of course, she isn't permanently to transfer her affections from the films, or anything like that, but just wishes to try her wings in preliminary flight in the spoken drama. Later, it is known, she has plans for a real test of her powers on the stage.

Miss Moore is announced as one of the players engaged for the new Harlequin Theater, the intention being to present her in a short play written especially for her by Mr. Hughes. This will probably be done during the early part of the winter season.

The actual opening of the Harlequin Theater is now scheduled for November 7. A number of people have already been engaged, including some leading luminaries of the acting profession. Among these are Mary Forbes, who came to this country as leading woman for Grandville Barker; J. Anthony Smythe, formerly leading man with the Mailand Players in San Francisco; Otto Matheson, Danish actor; Dorothy Conner, who has been playing roles at the Maxine Elliot Theater in New York, and Grace Noe, dramatic interpreter who has been heard in this city.

Particularly important, too, is the fact that Robert Eason and Henrietta Crossman, both noted stars of the American stage, will each be seen during the season. Miss Crossman will probably appear in her production of "Nance Oldfield."

Will Confer on More Anchorage Space at Port.

In an effort to work out ways and means of securing additional anchored anchorage space at Los Angeles Harbor for the vessels of the Pacific Fleet, a conference will be held this afternoon on board the flagship New Mexico. Participating in the meeting, which was called at the request of the Board of Harbor Commissioners, will be Commissioners McKee and Richards, Admiral Eberle, Rear-Admiral Stickney and representatives of the Chamber of Commerce.

The Los Angeles men will make it clear to the naval officers that Los Angeles Harbor and that everything possible will be done to meet the requirements of the officers who desire adequate berthing space for the warships.

HITS JAIL CROWDING.

Doctor Living as Prisoner Places Blame For Diphtheria.

Dr. John J. Finley, said to have been taken into the County Jail as a prisoner so that he might get information for a book he is to write, has found that the recent outbreak of diphtheria among the prisoners was due to overcrowding, it is said.

Sheriff Traeger, who was informed yesterday by Jailer Cronin, said that Dr. Finley has made daily visits to all tanks in the jail. It was he who removed a thorn from the arm of Arthur C. Burch, held for the J. Belton Kennedy murder. He ordered that the tank where the diphtheria was discovered be quarantined.

"THIRTY" SOUNDS FOR WESTERN UNION MAN.

In the death of Robin W. Vaughan at the California Hospital Monday the Western Union Telegraph Company lost one of its most popular and efficient employees. Mr. Vaughan was chief operator for the Western Union in the local office for seven years. Before coming here he managed the company's office at Houston, Tex., for ten years.

Funeral services will be conducted tomorrow at 4 p.m. in the Garrett chapel with the Masonic order in charge. The body will be cremated.

Mr. Vaughan leaves a widow and daughter, residing at 127 West Twelfth street, an aged mother, Mrs. Mary Vaughan of 121 W. Ninth street; a sister, Mrs. F. W. Michaux, and two brothers, A. H. Vaughan and F. W. Vaughan, residing in Houston.

School Savings Plan Indorsed by Bankers; Silk Farms Bean Crop Conditions; Bond Market; Earnings; Gold Shipments; New Financing.

BY CHAPIN HALL

Inducement of habits of thrift, and ways and means for turning the American mind again into channels of saving and rainy-day provision were recurring topics of the convention last week. It was decided that the adult American may be trusted to see for himself the error of the way he had in the flush days of the boom, and following the war, and anyway, he will be automatically forced, through the operation of economic laws to cut his cloth to fit the pattern of his pocketbook.

Concentrate on the children. That was the watchword. Catch 'em young, and when they are old they will not depart from it, or words to that effect. Wherefore the so-called Alameda plan came in for good deal of investigation and interest. The Alameda plan has the merit of practical demonstration. It works. At least it works in Alameda, and a good many of the delegates thought it good enough to work anywhere. It may be that the success of the plan lies in its simplicity, or because it is co-ordinated with other legitimate educational activities in which the element of pride and loyalty play no inconsiderable part.

Briefly described, the Alameda plan includes a headquarters bank which in reality is a collection of department, acting under the authority of two of the city savings banks.

On stated days the student tellers are required to report at the several elementary schools, where they receive the savings of the elementary school children, after counting and checking the money with the teachers' summary sheets and the children's deposit tags. Prior to leaving the elementary school buildings, the individual deposits are re-listed on the principal's summarizing sheets, a carbon copy checked by the student tellers being left with the principal of each school.

The student tellers return to the high school, and their accounts are checked by the assistant cashiers, who then, under the general direction of a faculty member, apportion the deposit tags among the student clerks, who enter deposits and extend balances on duplicate ledger cards, one complete set of which when checked is deposited, together with the aggregate amount, with the city savings bank selected by the parents of the depositing children. So that at the close of the day, if anything should happen to the high school building, and its records should be destroyed, the city banks have a complete record of every individual account together with the cash for the same in their possession.

The test of any system is a statement of its results. At the end of the first year of the total enrollment of the school children of Alameda, the active depositors are the weekly percentage of investors ranges from thirty-five to forty-five. The State Superintendent of Banking is much interested in the project, and is getting energetically behind the propaganda of thrift. New plans are now under consideration, and the year is likely to see a very definite forward step in this regard. Discussing the matter yesterday, Mr. Doyle said:

"In addition to the lessons of the instilled in the minds of our children of school age, and the cushion of reserve accumulated in our banks, the banker should selfishly reckon also the value of a customer in his bank. The boy or girl who starts an account should be encouraged to keep it. The bank of his first choice, and if successful in life, should add tremendous power and prestige to the bank that first sought him out as a business man. It should be much easier and more desirable to secure the unattached business of the boy or girl and retain it by good treatment through life, than it is to coax the customers and depositors away from other established banks in your community."

"Thrift is the foundation of many civic virtues. It must be taught in our schools. It should be encouraged in our banks. And the rewards will be evidenced in better citizenship and more stable government."

California ranks first in the United States in volume of school savings deposits with \$1,123,522 banked by \$2,759 depositors. New York State has \$1,678,114 deposited, but the total deposits are only \$1,648,111. Thus, while California is sixth in the number of children using the system it is first in volume. The campaign this winter is designed to place the State first in both respects. It now outranks every popular centers as New York, Pennsylvania, Ohio, Illinois.

REDUCING A MINIMUM. The postwar German mark has helped to fractionize the cent, but some of the smaller stock exchanges appear to have entered into a contest to see which may reduce the lowly copper to its ultimate irreducible atom. The Los Angeles Exchange, to its credit, some time ago decided that half a cent was little enough to risk to take on a sporting chance and now the reckless gambler who would prefer to engage in an orgy of wild speculation on quarter-cent fluctuations must

manfully take the awful chances which accompany a plunge into the pit on happenings. So far Toronto holds the sugar-coated bun for there the cent is split eight ways and one may recklessly throw away his substance in a mad, riotous whirl with the golden calf at the rate of an eighth of a cent a whirl. One issue on the Salt Lake exchange is reported to have a range for the year of 1-4 low to 1-4 high.

WHITE SPOT STATISTICS. There are thirty-one national banks in the United States each of which has deposits of \$50,000,000 or more. Los Angeles has one of these as well as one of the only two national banks in the United States with minimum deposits totaling more than \$50,000,000 which have made an increase in deposits during the year ended September 30 (the date of the latest national bank report) of more than 40 per cent of the corresponding period in 1930.

SILK IN CALIFORNIA. An unusually interesting brochure on the silk industry in California is made a part of the selling campaign of the silk industry, fiscal agents, handling a \$200,000 sale of Seritex Company stock. The reader is taken from the very beginning of the growing of silk in this State, a beginning which goes back to the sixties and was an accomplished fact when the growing of citrus fruit was being debated as a possible industry. It is claimed that conditions in California are ideal for the development of the silk worm, and that eventually the entire domestic supply could be produced here.

Silk manufacturing ranks eighth among the industries of the United States, and this country is now the largest consumer of raw silk in the world, taking over 40 per cent of the world's shipments. Imports of raw silk have increased from under \$20,000,000 in 1917 to over \$189,000,000 in 1930, and for the fiscal year ended July 1, 1931, they are reported \$430,000,000. The market in this country alone may therefore be said to be practically unlimited. At the present time about 85 per cent of our raw silk comes from Japan and the balance from China, Italian imports, which were formerly considerable, have almost ceased.

CONTINENTAL BANK
HAS NEW PRESIDENT.

W. D. Howard, ranking vice-president and cashier of the Continental National Bank, was elected president of the institution yesterday at a meeting of the board of directors. He succeeds F. H. Nichols, who recently resigned. Mr. Howard has been connected with the Continental National Bank since its foundation and has been a resident of Southern California for twenty-one years. He is a native of New York City. Mr. C. O. Anderson was appointed to take Mr. Howard's place as cashier. Mr. Anderson was formerly an assistant cashier at the Continental National.

CENSORSHIP'S DEFEAT SEEN.

Storm of Protest Comes From
Leading Organizations.

Ministerial Union to Battle to
End, Preachers Say.

Line-up in Council Points to
Doom of Blue Law.

The proposed municipal motion-picture censorship ordinance, against which more than a score of the leading organizations of the city have adopted resolutions, will be presented to the City Council tomorrow by City Atty. Stephens, and there was every indication yesterday that the measure will go down to defeat.

The censorship forces, however, will battle to the last. Dr. Gustav A. Bruegel, president of the Ministerial Union, who has been active at the City Hall in an endeavor to secure support for the regulation, announced yesterday. At a conference held yesterday at the Young Men's Christian Association Building, those who have been active for film censorship decided against any compromise.

"We voted," said Dr. Bruegel, "to stand or fall by the original recommendation for an ordinance creating a board of seven censors with full authority." The compromise suggested, which has been turned down by the ministers, was to create a board to act as advisers to the City Prosecutor.

The ordinance which will be presented to the Council at the suggestion of the Public Welfare Committee, of which Councilman Allan is chairman, carries with it a provision for a secretary of the Motion Picture Commission to be paid a salary of \$2400 a year. Six votes will be necessary to pass the measure, and there are not six members of the Council prepared to vote for the measure. Unless events change the line-up, the film board is doomed to defeat.

Although Councilman Langdon, as a member of the Public Welfare Committee, voted to instruct the City Attorney to prepare the ordinance, he yesterday told Dr. Bruegel that he would enter upon the consideration of the ordinance with an absolutely open mind, prepared to hear both sides.

Councilman Conway, another member of the committee, has stated several times that he would be opposed to a board of film censors if he were convinced that the motion-picture producers had "cleaned house" within the industry and would produce only clean films. Chairman Allan of the committee is definitely on record for the censorship board.

The line-up of Councilmen appeared yesterday as follows:

For censorship: Sparks, Criswell, Wheeler and Mueser. (4.)

Against censorship: Sparks, Criswell, Wheeler and Mueser. (4.)

Doubtful: Langdon, Conway and Sanborn. (3.)

ODDS FOR DEFEAT.

Assuming that Councilmen Sanborn and Langdon would vote with Councilmen Sparks, Criswell, Wheeler and Mueser against an all-powerful board of censors, and Councilmen Allan, Mallard and Conway would vote for it, the result would be for censorship by a vote of 4, against it, 4, and the regulation would fall by one vote, as six votes are necessary on account of the financial appropriation for a paid secretary which the measure carries. Once the vote were taken and the measure failed to receive sufficient votes, it is considered extremely unlikely that the Council would agree to striking out the financial appropriation feature, which, if done, would then make it necessary to line up only five votes to pass the ordinance.

Opponents of the creation of a board of censors will be present in large numbers when the debate on the ordinance, which is scheduled to be held before the City Council next Thursday afternoon, opens. Resolutions opposing censorship continue to arrive at the City Hall, the Motion Picture Art Directors' Association yesterday forwarding a strong statement asking the Council to defeat the proposed ordinance.

A resolution denouncing the censorship proposal as an American has been adopted by the Los Angeles Film Exchange Board of Trade.

"Censorship in any form would result in detracting from the artistic efforts of artists of world-wide repute whose efforts are now being applied toward creating better pictures and toward the uplifting of the motion picture industry in general," the resolution says.

That the Ministerial Union may circulate a petition to make an initiative proposition out of the motion picture censorship question, is the hint that was dropped yesterday when the ministers met and discussed censorship with representatives of various civic and social organizations at the Y.M.C.A.

Speaking for the Chamber of Commerce, John D. Fredericks said that the chamber is not unalterably opposed to picture censorship, but that the chamber does not pass on moral issues. He said he thought it was a problem that could best be settled by other influences, but that if objectionable pictures could not be eliminated otherwise the chamber might feel compelled to assist in the clean-up.

Dr. James A. Francis declared that the Arbuckle case had absolutely no influence on the public clamor for censorship. He insisted that the censorship move began before the Arbuckle party was heard of. He told the conference that a petition favoring censorship was eagerly signed by hundreds at the First Baptist Church Sunday.

Representatives of women's clubs took the stand that the film makers, who declared months ago that they would clean up the pictures, have had abundant opportunity to do so and have not produced the desired result.

In adjourning the meeting Dr. Bruegel, the president, suggested an initiative petition, if necessary, to secure a widespread expression of public sentiment on the question of censorship. He expressed the belief that the church vote would score a victory at the polls.

In the storm of opposition to a blue censorship law, however, has been heard the voice of the Congressional Ministers' Association, which has spoken against a change from the present method of film regulation by the city prosecutor.

SECOND FLOOR

Flannels by the Yard

OF all the people who like Flannel, Baby appreciates it most! And to prove it, he wears it most of the time!

At Robinson's he will find a whole department that specializes in these cozy materials made just for him.

Viyella Flannel, 31 inches wide, comes in a soft cream shade that Baby likes for his Gertrudes and petticoats. And for his kimono there is white with pink or blue pin stripes or tiny checks. This Flannel has fast colors and is non-shrinkable, which makes it very popular for infants' wear. It is priced at \$1.75 a yard.

White Saxony Flannel, which is also used for Gertrudes and petticoats, comes in three widths: 27, 31 and 36-inch, in all-wool and wool-and-cotton mixtures. It is priced from \$1.00 to \$1.75, according to width and amount of wool.

Embroidered Flannels in a great number of pretty patterns are 30 inches wide, with embroidery from 1/4 of an inch to 2 inches wide. They are of pure wool and priced at \$2.50 to \$3.25, according to width and elaborateness.

SECOND FLOOR

**DIVORCES MAIL
ORDER BRIDE.**
Husband Wins Decree After
Separation From His
"Picture Wife."
Frank Gammon, who won
his wife, Bertha Gammon,
through a matrimonial agency,
was granted a divorce in
Judge Summerfield's court
yesterday.
He told the court he sent
the car fare to bring his bride-
to-be from St. Louis. They
were married June 2, 1919. A
year later they separated.
Mrs. Gammon told him, he
said, that she was led to be-
lieve he was refined and rich.
The matrimonial path be-
came rugged.
"This agency was one of the
kind where you send 5 cents
for stamps and received a
photograph of a woman, was
it not?" asked the court.
"It was," replied Mr. Gam-
mon.

**CASH FOR GUESSING
SPEED OF PIGEONS.**

**PRIZES TO BE AWARDED FOR
ESTIMATES OF TIME IN
FLIGHT TO HARBOR.**

How many seconds will it take a
homing pigeon to fly from The Times
Building to F. S. Maynard's loft in
Point Fermin? If you can guess it
\$20 in cash and a pair of pigeons
worth \$50 will be your reward.
The contest will be held Friday
and officially will open the Cabrillo
Day celebration at Los Angeles Har-
bor. Prizes for the second, third
and fourth best guesses, will be of-
fered through The Times, in all \$100
in cash.
Fifty pigeons will compete in two
races. One of them will carry a
message from Mayor Cryer to Ad-
miral Eberle. Lieut. Commander
E. W. McKee will be timekeeper.
The prizes, which will be dupli-
cated in each race, are as follows:
First, \$20 and a \$50 pair of pigeons;
second, \$15; third, \$10; fourth, \$5.
The rules of the contest follow:
Estimates must be submitted on
the accompanying coupon.
But one estimate for each race
may be submitted by one individual,
although this does not exclude vari-
ous members of the same family
from participating.
Estimates must positively be sub-
mitted in seconds, only, as minutes
and seconds will not be considered
by the judges.
Coupons must be in envelopes
postmarked not later than 10 a.m.
Friday, the 14th inst.
Each contestant may submit time
estimates for both races and will be
eligible to two prizes should he be
fortunate enough to estimate ac-
curately the time of both winning
pigeons.
Employees of The Times and their
immediate families are barred from
the contest.
The winners will be announced in
The Times next Sunday and checks
for the amounts will be mailed soon
thereafter.

On Broadway *Jacoby Bros.* Between Third and Fourth

From the North Basement Comes This Wonder News!

Silk and Parchment Fabric Shades

\$22.50 to \$35.00 Values
in a Rousing Sale Wednesday at

\$14.95

For the Tailored
Girl the New
Leather Collar-
and-Cuff
Sets ... \$1.29

—These new arrivals will give a
plangent "differentness" to the
tailored costume.

—They are particularly smart,
too, worn with one-piece frocks.

—Of soft, pliable leather in red,
black, white and brown.

Main Floor, South Building—Jacoby's

—And when we tell you that these shades are \$22.50 to \$35.00 values,
we mean that is what we would have to sell them for if we bought
them in the regular way—and most everyone knows how much lower
our regular prices are than those about town.

—There are dozens upon dozens of different styles—some of silk with
metal galloons, and deep, rich fringe—others are of aeroplane linen
varnished and beautifully hand decorated to resemble parchment—
and you'll say, as the writer did—"they'll now be trying to make
parchments as attractive as these."

—So really extraordinary is this sale that we have had to move the
lamp department into the basement of the North Building in order that
we have sufficient room for the display and for the crowds that are
bound to be here.

—No phone orders—no C. O. D.s, and no exchanges.

A Group of Seventy-five new
Polychrome and Enameled Floor Lamps \$8.45

—Both regulation and junior standards are included in a variety of
different designs. They are lamps that would ordinarily sell for
\$13.50 to \$19.50.

Sale—Basement—North Building—Jacoby's

Here's That Sale We Promised!

100 Wonderful Hats

\$25.00 to \$35.00 Values

\$16⁹⁸

—And when you
see the hats you are
going to say that
we are extremely
conservative in
quoting them as
being \$25.00 and
\$35.00 values.

—Why—many of
the hats carry trim-
mings that would
ordinarily cost as much
as we've priced the hat.

Sale Begins
Wednesday at 9 A. M.

—They are all hats from one of the country's foremost designers
and makers—hats that will appeal to the woman who never thinks
of buying her hats in a sale.

—No two of all the hundred hats are alike, so you can count on
finding a wonderful assortment from which to choose.

—No phone orders—no C. O. D.s and no exchanges.

Third Floor, North Building—Jacoby's

Black and 32 Shades in
35-Inch Satin Messaline. \$1.00

—Such a wide range that it is no trouble to find just
the right piece to suit your own purpose.

—And it is a yarn-dyed messaline of particularly good
quality that we feature so low.

Second Floor, South Building—Jacoby's

Such a Lot of Interest in
These Prunellas at. \$3.95

—And it's no wonder that they are in such demand, for
prunellas are far and away ahead of other shirtings in popu-
lar wants.

—This special assortment that we are featuring at \$3.95 has
been chosen right out of our higher priced line! There are
a dozen pieces in effective stripe patterns. All 44 inches wide.

Second Floor, South Building—Jacoby's

We Specialize on 36-Inch
Colonial Silkoline at. 20c

—It's the very high grade silkoline that is such a strong seller for
making comfort coverings and draperies.

—And if you'll shop around you'll find that 36c is less than this
quality is generally marked and will note for yourself the advantage
in buying at Jacoby's. All the desirable plain shades and fully
forty printed patterns.

89 Sports Skirts

to Sell Wednesday at

\$4.98

—And they'll sell like the proverbial "wildfire," too,
for the former markings ran to nearly treble the sale
price!

—They are of wool plaids and stripes. In plain tailored
and pleated styles. The popular colors in almost
every size.

Wool Jersey Coats \$4.98

—They are just the right coats to "go" nicely with the
skirts we feature at \$4.98.

—That means you can get a trig little sport suit for
\$9.96 if you take advantage of Wednesday's opportu-
nities!

—The Jersey is a heavy grade and they have Tuxedo
front and six tucks in back.

—EXTRA WIDE ALL-WOOL SHAWLETTES, \$4.98.

"Tight" Wad Got the Shiner; Why Not the Money?

Can You Think of an Idea as Funny or Funnier Than This? If So, Send It in and Win a Cash Prize.

Starting every Friday and ending every Thursday, The Times conducts a Wad comic strip contest. The best idea gets \$10, the next \$5 and all others available \$2 each. Ideas must be original, local "drawable" and funny. Each picture must be described in words or a rough sketch. Title and dialogue must be supplied. All strips must deal with some member of the Wad family—Cleone Wad, the spender; Titus Wad, the nickel snarer; Mrs. Spenda Wad, club and society woman; Watt A. Wad, sporty; Elva Wad, pretty and frivolous daughter; Gunn Wad, 12-year-old terror; and Cleone Wad, Jr., the baby. Write on one side of paper only. Address all communications to Mr. Wad, care The Times, Los Angeles. Anyone may compete and submit as many ideas as desired.

THE GUMPS—IT CAN'T COME WITHOUT A SQUAWK

KERNEL COOTIE—"ANYTHING YOU SAY, MA."

PERIL IN LACK OF POLICE TOLD.

Druggist Cites Number of Officers in East.

Says Situation Here is Joke, but a Serious One.

Urges More Patrols and Large Convention Hall.

L. D. Sala, president of the Western Wholesale Drug Company, returned yesterday from Atlantic City, where he officiated as presiding officer of the forty-seventh annual convention of the National Wholesale Druggists' Association.

Buoyant with optimism, Mr. Sala tapped his desk with the big silver key to Atlantic City, which had been presented to him by the Mayor there and said:

"Los Angeles needs just three things to establish it as the greatest convention city in the United States—more hotels, a convention hall second to none, and adequate police protection."

"That is my message," he continued, with a conviction born of the fact he has seen the city develop from a population of 25,000 to 700,000.

TIME FOR ACTION.

"We have dilly-dallied and talked, talked, talked about the need of a bigger police force for several years. It is now time for action."

"Weighing the situation here with what I saw in New York, Chicago and Atlantic City, Los Angeles will be found lacking, no matter what the cost, is taken to provide adequate police protection at once."

"A force of 553 patrolmen for a population of 700,000 is a joke, but it is a serious one, for if continued, Los Angeles will pay tenfold what it would cost the city to establish proper protection."

"In the eastern cities I observed an average of about three patrolmen to every block in the congested districts and in the residence sections patrolmen were always in evidence. Who ever sees a policeman west of Figueroa street?"

"TRAFFIC HEAVY."

"Traffic conditions are just as great a problem in Los Angeles as in New York or Chicago. The principal business corner here is the third corner in the United States in actual per capita traffic. That statement is based on an accurate sixty-day canvass just completed."

REARRESTS PURPORTED SWINDLERS.

Manning Takes Pair After Release on Bail; Charge of Embezzlement Made.

Jacob Mann and Charles S. Wohlberg, wanted in Omaha on a Federal charge of conspiracy to use the mails to defraud, were rearrested yesterday by Supt. Manning of the criminal department of the Sheriff's office on a charge of embezzlement. The two were taken into custody again after being released in Federal court on high bail. An indictment returned at Omaha charges embezzlement of \$100,000 from the Missouri Valley Cattle and Loan Company. The two were released on their own recognizance by Justice Forbes because of previous bail furnished in the other court. The hearing was set for the 24th inst. The offense is asserted to have been committed in November, 1933. Sheriff M. L. Clark of Omaha is coming here to return the defendants there for trial.

**FORTUNE, FAME
BARBER'S HOPE.**
Sunday "Times" to Tell How
He Expects Invention
to Help World.
When someone in the long
ago in a certain California oil
town tried two for the pocket.
It set a certain barber to
thinking. As a result he is
now exhibiting a twentieth-
century edition of the Keely
motor, which many believe will
revolutionize power produc-
tion the world over.
"It is after a quarter century
of lathering and shaving her
round that this knight of the
razor has turned to better
things, or rather that he has
perfected the contraption that
he says sets Newton's law to
naught and promises untold
wealth for himself and those
interested with him.
Perhaps he is right; many
say he is wrong. At any rate
his story is one of toil and
anguish and hope and of scien-
tific research that has been a
survey of the world's thought.
His story, an interesting one,
will be told in The Times Sun-
day.

Their preliminary hearing will be
held at 10 a.m. Tuesday, the 26th
inst. The offense is a high
demeanor and punishable by im-
prisonment of from one to five years
in the County Jail, and a fine not
exceeding \$5000.
The men were taken into custody
last night at the main entrance to
the Coalinga oil fields after they had
forcibly detained Deputy Sheriff
James Hollingshead and four other
deputies. A ride and three revolvers
were taken from them. The of-
ficers composed the second automo-
bile load of deputies sent to Coalinga
yesterday and were stopped and
made prisoners by a strike patrol
at a point fifteen miles east of
Coalinga.
To facilitate the work of policing
the area affected by the strike of
oil workers in the Coalinga fields,
Sheriff W. F. Jones has deputized
twelve citizens from Fresno and
vicinity, all men who have acted on
previous occasions as deputies. The
majority of these left yesterday in
two automobiles, in charge of Deputy
Sheriffs James Hollingshead and
Charles Farnum.

**BOOKLET WILL TELL
ALL-YEAR BENEFITS.**
RESULTS OF ADVERTISING OF
SOUTHLAND TO BE SHOWN
BY CLUB HERE.
A booklet summarizing the results
of its first summer advertising cam-
paign is to be prepared by the All-
Year Club of Southern California,
according to an announcement made
yesterday. It is to be used in the
continuance of the club's fund-raising
effort to show specifically that
co-operative community advertising
of the Southland may be depended
on to yield certain dividends.
Material assembled for the book-
let points out not only the con-
siderable stimulus was given to Cal-
ifornia-bound passenger traffic by the
club's advertising, but gives definite
instances of benefit. Among the
items is the record of a \$10,000 real
estate transaction, in which the pur-
chaser was brought to Southern Cal-
ifornia by the all-year advertising.
Another item records improved
business for local transportation
systems. Other instances of benefit
from the all-year campaign include
reports from hotels and statements
from several prominent local busi-
ness men.
When completed, the publication
is to be distributed to the local
manufacturing and business com-
munity which have not yet been list-
ed among the all-year contributors.
It is expected to play an important
part in securing their support.
The story of the all-year move-
ment was told before the Orange
County Dry Goods Merchants' Asso-
ciation last night at their dinner in
Orange, by Daniel H. Jones of the
club's executive committee. What
has been accomplished by the club
and the further plans for the move-
ment, won the endorsement of the
association.
**Brady is Here
to Investigate
Arbuckle Case**
Dist. Atty. Brady of San Fran-
cisco arrived in Los Angeles yester-
day morning and will pass several
days here, it is asserted, in investi-
gating certain angles of the case
against Roscoe (Patsy) Arbuckle,
charged with manslaughter in con-
nection with the death of Miss Vir-
ginia Rappe, film actress, following
a party in the comedian's apartment
at the St. Francis Hotel in the Bay
City.
The silver-haired prosecutor re-
fused to discuss the case.
Arbuckle will leave tonight for
San Francisco, where tomorrow
morning he will plead guilty to the
manslaughter charge and the
date for his trial will be set.

CAN'T GET OVER HIS BAD HABITS.

VENTURA Oct. 11.—Frank Davis served five years in San Quentin for passing a raised check. He got out ten months ago. He has been working for a few days for the McCreath Estate Company. He was given a check for \$7.50. When he tried to pass it at Diner's clothing store in Oxnard, the check read \$70.50. And now Davis is facing another term at San Quentin.

EXHIBITS FILL ALL CLASSES.

Fair at Riverside Second Only to Big State Show at Sacramento.

RIVERSIDE, Oct. 11.—More than 7000 persons passed through the fair of the Southern California Fair at Riverside today. As compared with the exhibitions of previous years all departments may be described as in superlatives. Some of the visitors who also attended the State Fair are free to say that the Riverside Fair surpasses in many respects the showing made at Sacramento this year. With 1700 birds in their coops, the poultry show is more than 70 per cent larger than that of the Sacramento exhibition. Twenty-two thousand square feet of space is given over to this department. E. I. Hammond, manager of the show, states that it is second only to the Chicago show, in the number and the class of birds exhibited. Thirty-five exhibitors have entered more than 240 animals in the goat show, placing the Sacramento fair in second place by more than 70 per cent. More than half of the entries are pure bred Saenens, Toggenburgs and Nubians. The showing of live stock in all lines is the finest in the fair's history. The dairy cattle come from the choicest herds of Jersey, Guernsey, Holstein and Ayrshire to be found in California and Arizona. The Los Angeles county booth was the center of attraction today in the agricultural section. It featured one of the power plants of the municipal hydropower system and the distribution of the energy among factories, homes and public utilities. Fresno Chamber of Commerce exhibit, which captured the sweepstakes at the Fresno Fair, has been lifted bodily and set down in the agricultural section. Fresno county is conspicuous with an exhibit of its 440 varieties of products. "Tower of Jewels" at the Panama-Pacific Exposition, the structure being outlined with fresh and dried fruits and the jewels consisting of the seven varieties of grapes which won the Kings county sweepstakes at the state fair. A unique innovation was the cattle and poultry and judging contest for high school agricultural students. Seventeen schools were represented. The awards were made by J. B. Lillard, of Sacramento, state supervisor of agricultural education. Tomorrow will be Riverside city and day Bernardino county day. The features of the afternoon racing program will be the 3:25 pace and the 1:58 trot, with the best horses on the coast entered in each event.

NEW FRUIT EXCHANGE.
Whittier Organization Plans Its First Year's Work.
LOCAL CORRESPONDENCE.
WHITTIER, Oct. 11.—Whittier District Fruit Exchange, the newest organization of the kind to join the California Fruit Growers' Exchange, is planning to ship \$425 cars of citrus fruit this year from Whittier to the surrounding territory, and will send the first shipments November 1. The exchange, which was organized this summer, is composed of the Whittier Citrus Association, Whittier Select Groves, Whittier Grange and Lemon Grove. North Whittier Heights Citrus Association, East Whittier Citrus Association, Lemington Ranch, Lemon Grove Association, El Rancho Citrus Association and the Silvera Fruit Association. Dalton A. Field has been selected manager of this new exchange. The general purpose of the organization is to furnish the facilities and agencies whereby the fruit growers may receive the greatest benefit from their fruits and by-products, the marketing and distribution to be upon a uniform plan and handled by the exchange.

PLAN TO STAGE MUSICAL EVENTS.

SANTA MONICA, Oct. 11.—Plans for making the nearly completed \$16,000 municipal auditorium a place of musical attractions and entertainment, in addition to its use for governmental purposes and conventions, were outlined by the City Commissioners today. The auditorium, which was opened when the California League of Municipalities met here last week, will be formally dedicated on Tuesday evening, October 25, preceding a performance of "The Mikado" by the Los Angeles Opera Company. Rates for the rental of the auditorium to private parties for entertainments when it is not in public use, were announced. A series of three winter parties will be given this winter, have been arranged by Louis Gasda, who is handling the program of musical events.

JUST THREE DAYS.

VENTURA, Oct. 11.—Dewey Olney and Maurara Olney lived together but three days after their marriage, which took place in Los Angeles on Aug. 12, 1920. Mrs. Olney and their child are now in Mexico with the mother's parents. Olney has brought suit for divorce in the Superior Court here.

SANTA ANA MAN HELD BLAMELESS

Coroner's Jury Says Fatal Automobile Accident Was Unavoidable.

SANTA ANA, Oct. 11.—Death due to a basal fracture of the skull, resulting from an unavoidable accident, was the verdict returned late this afternoon by a coroner's jury, after hearing evidence regarding an automobile crash at Seal Beach early Sunday Morning in which Miss Beulah Peters, pretty Santa Ana girl, was killed. Burton A. Whittington, city marshal of Seal Beach, was the only witness who testified that members of the auto party had been drinking. Whittington testified that Dr. Rogers of Long Beach said Nelson Visel, driver of the car, was intoxicated. Whittington's own opinion was that the driver had been drinking, but not heavily. W. E. Hales of Long Beach, ambulance attendant, said he did not think Visel was intoxicated, as he was very calm, but suffering from the effects of a fall from the garage man, said there was no evidence of liquor in the car, but a half pint of whisky was found near his garage door after all were gone. Nelson Visel, driver of the car, testified he was going twenty-five miles an hour at the time of the accident, and this was substantiated by Herbert Timmons, who was driving directly back of the Visel car. The occupants of both cars, including Visel, Mr. and Mrs. Leroy H. Robinson, Herbert Timmons, Miss Rosemond Craig, and Miss Lorraine Roberts, all declared there had been no drinking in the party during the evening. Dr. Rogers, who examined Visel after the fatal accident, declared in a telephone conversation with Coroner C. D. Brown, this afternoon that he was in doubt as to Visel's condition and would not swear that the driver had been intoxicated, as had been reported.

STAGE TURNS TURTLE.

Four Injured in Bus Accident in Fresno County.

FRESNO, Oct. 11.—Four persons were severely injured today when a Los Angeles-San Francisco stage overturned at the Southern Pacific Railroad crossing on the State highway at Herndon, just north of here. Besides the driver there were eight passengers. Five of the latter escaped without injury. Those injured are: W. A. Howell, 44, a motion-picture producer, with a fractured skull; a silver-plated wrist, weak from loss of blood. Corp. H. P. Piersen, 34, Co. H, Twenty-seventh Infantry, Fort McDowell, San Francisco, fracture left shoulder and probable fracture of left leg. N. J. Ferand, owner and driver of the stage, 448 South Hope street, Los Angeles, sprain left wrist, weak from loss of blood. Mrs. Orlinda Vineyard, 60, San Francisco, slightly bruised side and hip. The stage turned over on its side across the railroad track, pinning Howell to the rail. The engineer of an approaching freight train saw the wreck and came to a stop. After Howell had been extricated the freight engine was uncoupled from the train and used to push the wreck clear of the track.

BURGLARS ESCAPE.

Make Get-a-Way With Banker's Silverware at Monrovia.

MONROVIA, Oct. 11.—Thieves early this morning escaped with \$300 worth of silverware after they had broken into the residence of J. H. Bartle, president of the First National Bank, on East White Oak avenue. The burglars were frightened away before they reached the second floor and so missed \$2000 worth of diamonds and jewelry, which was in a silver cabinet on Mrs. Bartle's dressing table. Entry into the house was effected by cutting a screen in the pantry adjoining the kitchen. Mrs. Roger Brown, daughter of Mr. Bartle, heard a slight noise downstairs and awakened her husband, who started at once to investigate. The burglars heard Mr. Brown and raced out of the house with their loot. An automobile parked a block away served to aid in their escape.

VETERANS PLANNING FOUR-DAY FIESTA.

GLENDALE, Oct. 11.—The Glendale American Legion Post announced yesterday their plans for a celebration for armistice week. There will be a continuous celebration from November 7 to 11, inclusive, a big parade for Armistice Day will be one of the largest ever attempted in the city. For the celebration a queen will be elected by vote, coupons will be sold, good for twenty-five votes. There are eight candidates in the contest: Miss Viola Torba, Mrs. Ellen Whitton, Miss Louise Mouton, Miss Dorothy Norton, Mrs. George Larkin, Miss Winifred Stenberg and Miss Lucille Helms. The winner will not only have the honor of presiding over the celebration, but will receive a diamond ring, there are two other prizes, however, a watch and bar pin. The committee in charge consists of W. D. Kelly, James McBride, Emil Kiefer and Jesse Flower. L. W. Hogue is the contest manager.

FINDS BUSINESS BETTER.

G. A. Brock, president of Brock & Co., who returned to the city yesterday after spending a month or more in the East, says conditions generally are better, but nowhere is there to be found such business activity as in Los Angeles, which continues to be the country's white spot. Mr. Brock, while in New York and other eastern cities, selected considerable new and exclusive merchandise, including many novelties, for the coming holiday season.

75 Wool Tuxedo Sweaters \$5.95

—Good sweaters at a very moderate price; excellent quality wool yarn in the ribbed weave that is so pleasing.

50 Wool Tie-On Sweaters at \$3.45

—They have the very becoming Tuxedo collars and narrow belts that fasten at either side. Colors are buff, brown, rust, peacock, navy, also white and black.

—Made of the nice soft-quality yarn in the plain weave. They have Tuxedo collars and ashen that tie around the waist. Colors are brown, reindeer, blue heather, navy and tomato. —Many women prefer these practical tie-ons as a blouse for their warmth as well as their neat appearance, and these at \$3.45 are very good values, indeed. —Section of Sweaters, Fourth Floor—at Bullock's.

20 Dozen Women's Kayser Italian Silk Vests \$2.95

—Beautifully embroidered! —A special purchase, else it is quite certain their price would have to be more than \$2.95.

—20 dozen of these Women's Kayser Italian Silk Vests, in a good range of sizes, and in the regulation or bodice top style. This is an exceptional value, and it would be an economical idea to purchase them for gifts. —At Bullock's—Section of Knit Underwear for Women—Fourth Floor.

For Tailored Wear Ivy Corsets at \$12.50

—For wearing successfully some of the new frocks, one must have a carefully adjusted corset. —This Ivy Model at \$12.50 is being featured in Bullock's New Corset Section. It shows a very slim hip line, with just enough height above the waist to carefully mould the flesh. —There is a suggestion of the waistline creeping into the new modes, and with many figures, there will be needed just such a corset as this to control the flesh that has settled into the waistline from wearing the corsets so low last season. —At Bullock's—an Ivy Corset featured at \$12.50; war tax 75c; Bullock's new Corset Section—Fourth Floor.

Philippine Gowns, Chemise, \$3.85

—A new shipment of Philippine hand-made underwear has been added to the already extensive collection of garments of this fine type at Bullock's. —They show distinctive new features—some step-in chemise are cut very full around the lower edge; one model is exquisitely embroidered around the lower edge as well as at the bodice top. Shoulder straps are of hemstitched nainsook, or else built-up. —Beautiful soft white nainsook made entirely by hand into Gowns and Chemise, and priced from \$3.85 to \$6.95, at Bullock's, Section of Silk and Muslim Underwear—Fourth Floor.

Treasure Troves of Gifts

Boudoir Lamps, \$6.50

—Boudoir Lamps at \$6.50, complete, are welcome gifts. Mahogany standard with hand-painted decoration; parchment paper shades. —Library Table Lamps in mahogany finish are \$15.00. Oval shades of double China silk, the outside one pastel color, and the inside another, creating a very pleasing light effect.

A gift typical of California—Ernest Williams pictures of sand dunes, Eucalyptus and the Torrey Pine.

Venetian Bead Necklaces, \$2.00

—Imported, and very effective and unusual. They are priced variously from \$2.00, and prove to be delightful and novel gifts. Various other examples of bead work, as well as odd girdles, purses, and the like, are to be found in Bullock's Art Needlework and Gift Store. A delightful departure is the nosegay of beads, at \$1.50 each, from Venice. Hand-painted Candles, two in a box for 50c—rose, blue, white and gold.

—Christmas! How many days away? And remember, last year, how many good resolutions we all made to prepare for Christmas 'way ahead in 1921?

But here it is, not so very far ahead, and you will find that there isn't anything will help you more in the selection of gifts, than a visit to Bullock's Art Needlework and Gift Store dedicated to gift-merchandise.

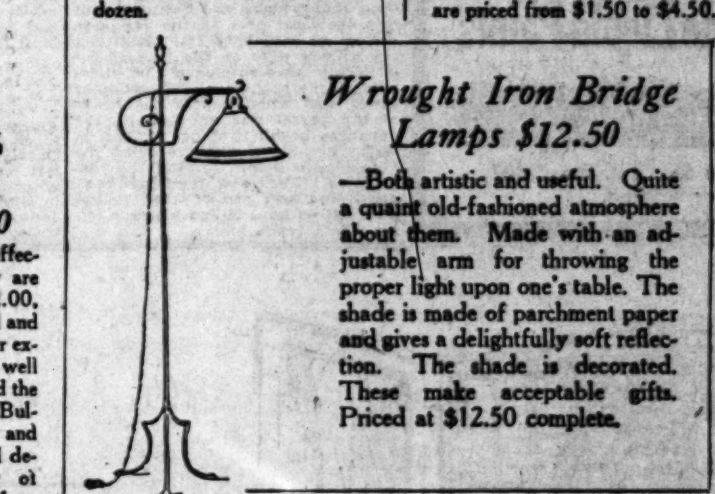

—And then, too, right now there is such a wonderful range from which to choose. You can pick up odd, rare and wonderful things now, that probably cannot be duplicated again in the depleted stocks of just-before-Christmas. Do your Christmas Shopping Early—Do it Now, in Bullock's Art Needlework and Gift Store—Bullock's Hill Street Building.

California Poppies, \$1.00 Box

—The next-best thing to having real poppies, are these gay orange colored poppies made of cloth. Some of them are in a vivid green box, and priced at \$1.00; they contain 1 dozen. The double yellow ones are put up in a gay orange box, at \$2.00 for the dozen.

Cretone Work Boxes, \$1.50

—The most delightful gifts for children, as well as grown-ups. They are covered with cheerful cretomes, and fitted with scissors, thimble, and ribbon runner. Such a gift encourages the qualities of neatness and order. They are priced from \$1.50 to \$4.50.

Wrought Iron Bridge Lamps \$12.50

—Both artistic and useful. Quite a quaint old-fashioned atmosphere about them. Made with an adjustable arm for throwing the proper light upon one's table. The shade is made of parchment paper and gives a delightfully soft reflection. The shade is decorated. These make acceptable gifts. Priced at \$12.50 complete.

Hallowe'en Novelties —snappers, nut cups, place cards, wands, center pieces for the table. Attractive little pictures of California Landscapes in hand modeled gift frames—\$1.50.

Gifts on Bullock's Balcony

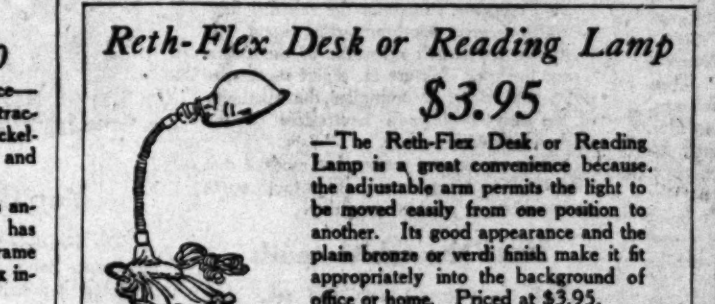

Art Glass Candlesticks, \$1.95

—And \$1.95 is a decidedly special price on them, for they are generally much more. Colorful things, furnishing a cheerful note of pale blue, amber, amethyst, green or dark blue—to the home background. Mostly one of a kind, and a certain emphatically pleasing as a gift and worth while at \$1.95. Among the fascinating new Potteries—the Della Robbia Bowls from Florence, to remind us of Benvenuto Cellini.

—And be sure, always, when you are in Bullock's, or in Bullock's Art Needlework and Gift Store, to slip up to the Balcony and have a look around at the new things that have come since your last visit. —The world is searched for decorative tableware—quer, wonderful and useful things from strange countries, as well as our own United States. —Potteries, especially from China, from Japan, from Italy, England, France, and many other places, are to be seen on the interesting shelves of the Balcony, Bullock's Art Needlework and Gift Store. —English Brasses from Birmingham, Lamp Shades, exquisite colored Glassware, Hand Lamps, Electrical Appliances, Tea Sets, Gold-encrusted Ware, Book Ends, Smoking Sets—and endless numbers of odd and useful things that are delightfully different for gifts. —The Crystal Room on the Balcony is set aside for the display of fine Cut Glass, much of it from the famous Libby. It is all finished in mirrors, with glass display shelves, and is well worth a visit even if one has no desire to purchase. —Do Your Christmas Shopping Early—Bullock's Art Needlework and Gift Store, Bullock's Hill Street Building.

Reth-Flex Desk or Reading Lamp \$3.95

Salts and Peppers, \$1.00

—A special price on Hand-Painted Salts and Peppers; a variety of designs to choose from, and three shapes, at \$1.00. Sugars and Creamers in many new patterns are \$5.00 pair. Bread and Butter Plates, and many other pretty things, delightfully painted by hand, are to be had at moderate prices, and make very acceptable gifts.

Mahogany Nut Bowls, \$3.00

—This particular Nut Bowl at \$3.00 is furnished with a set of picks and a nut cracker. Nut Bowls make useful gifts, and are yet one of those not-quite-necessary things that one may hesitate to purchase for one's family, so that in giving the Nut Bowl, you may have the feeling of adding a very welcome article to the family table. Other Bowls are priced at \$10.00.

—The newest Japanese Potteries show designs very highly colored; some of them reproduce fine old English designs.

Polychrome Candle Sticks, \$2.50

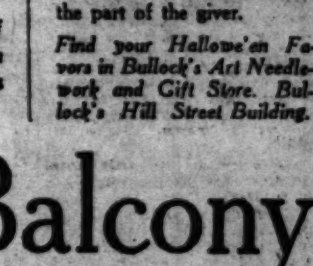

—Polychrome Candle Sticks in Tulip Design are \$2.50 each. Many other Candle Sticks, in various materials and designs, are at different prices.

—Hand Painted Candles come two in a box at 50c and \$1.00 the box. These are painted in wonderful colors that will match your draperies, or any color note that may be in the room. Square Colonial Candles decorated in dainty design—2 in a box, \$1.00.

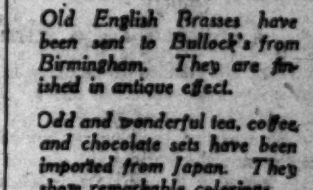

Polychrome Book Ends, \$1.95

—There are four styles in these Polychrome Book Ends at \$1.95, any of which would be welcome as a gift. Besides this particular group there are many others, of various materials and prices, giving scope for quite a wide range of selection. Book ends make an important gift, and yet may show kindly thought and artistic discrimination on the part of the giver. Find your Hallowe'en Favors in Bullock's Art Needlework and Gift Store, Bullock's Hill Street Building.

Salad Dressing Bottles, \$3.75

—Cut Glass is always acceptable. These Cut Glass Bottles for French Salad Dressing are attractive, and moderately priced at \$3.75 and \$4.00. Jam Jars with spoons are 50c each; Iced Tea or Lemonade Sets consisting of covered pitcher with six glasses and spoons are \$3.75 a set—and dozens of other articles which you will find in the Crystal Room will prove equally good. Old English Brasses have been sent to Bullock's from Birmingham. They are finished in antique effect. Odd and wonderful tea, coffee, and chocolate sets have been imported from Japan. They show remarkable colorings. Incense Burners range all the way from bronze Buddhas, queer oriental statues, to whimsical figures in China. The Eastern Friends welcome gifts of metallized Eucalyptus, really artistic and colorful, and certainly different.

Marble Bowls, \$3.00

—These hold flowers, or they are merely a decorative touch, and yet that is extremely chaste and yet luxurious. These come to Bullock's from Italy, and are good examples of some very pleasing carving. The coloring is slightly yellow; four white doves sit on the edge of the bowl. Priced from \$3.00, War Tax 30c, to \$35.00, War Tax \$3.50.

Teeth You Love to Show

Find out how millions get them

"This offer is to women who desire to look their best. To men who find that tobacco stains, etc., make their teeth look dingy. To young folks who know what beauty lies in glistening teeth."

It is to all who have learned that old methods are wrong. And that, despite the tooth brush, teeth discolor and decay.

Clouded by a film

Teeth are clouded by a dingy film. At first it is viscous—you can feel it. It clings to teeth, gets between the teeth and stays.

Old ways of brushing do not effectively combat it. Much of the film remains. Then night and day it may do ceaseless damage. Most tooth troubles are now traced to film, and those troubles have been constantly increasing.

It is the film-coats that discolor, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germ-breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal.

Science combats it

Dental science, after long research, has found ways to combat film. Able authorities have amply proved them. Now leading dentists, here and abroad, advise their daily use. These effective methods are embodied in

a dentifrice called Pepsodent. Thus one may twice a day apply them in a most delightful way. Millions already do this, and to them it has brought a new era in teeth cleaning.

Three other effects

Modern authorities find that a tooth paste should also bring other effects. This to cope with the average diet rich in starch and low in fruit acids.

So Pepsodent stimulates the salivary flow—Nature's great tooth-protecting agent. It multiplies the starch digester in the saliva—put there by Nature to digest starch deposits that cling. It multiplies the alkalinity of the saliva—Nature's neutralizer of the acids which cause decay.

These are natural results, but modern diet often fails to bring them. This tooth paste brings them, at least twice a day.

Note the white teeth

Note the glistening teeth you see. Ask how people get them. You will find, we think, that most of them are due to Pepsodent.

But this is more than a question of beauty. Those whiter teeth mean cleaner, safer teeth. To young and old they mean better tooth protection.

It means more to children than adults. Young teeth are most easily attacked. Very few children escape. So dentists advise that

Pepsodent be used from the time the first tooth appears.

Let one person try it in your home. Then show the results to all.

You'll quickly see

The Pepsodent results are very quickly apparent. Some are almost instant. A ten-day test is usually convincing.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

The test will be a revelation. The book we send will explain each new effect. Then judge by results and their scientific basis, what is best for you and yours. Cut out the coupon so you won't forget.

Japanese Fish Cargo Proves

Clever Harbor Agents Solve
Riddle of Rum Source.

Capture One Oriental, Other
Flees With Woman.

Boy, page Ecclesiastes.
There is something new under the sun after all, in spite of the declaration of Holy Writ, that was evidently set down before the reign of the Volstead law.

Herein is declared the latest thing in bootlegging and but for the cleverness of the prohibition agents at Los Angeles Harbor, two very live natives of the Land of the Cherry Blossom would have hung the bells on the hot-footing, argus-eyed enforcers of the dry law.

The secret lay in a little Japanese boat that beat down the shore from the north yesterday, supposedly loaded with fish. Her home port is Vancouver, but that is unimportant. Aboard her were two Japanese men and a woman. One of the orientals, who said through an interpreter that his name is K. Tsuruba, was captured. The other got away.

Tsuruba was taken before U. S. Commissioner Long and held in a bond of \$2000 for violation of the national prohibition law.

But where was the stuff with a kick, someone in the audience asks? A very proper inquiry under the circumstances. Aboard the boat were eleven barrels supposed to contain fish, but only the upper layer was sea food. Below and round about were quart bottles of the finest imported liquor that ever greeted the eyes of the prohibition agents.

It has been rumored for some time that whisky has been brought into the local port by the Japanese flying up and down the coast, and the officers were on the lookout for it. They were suspicious that there was whisky hidden in this particular cargo, and when one of the heads of the barrel was knocked in, the Japanese began to dance around in terror like Sioux warriors doing the ghost-dance before leaving the reservation. They saw they had been discovered and one of the yellow men left without telling where a letter would reach him.

HIGH COURT RULE GIVES "SON" LAND.

Deeds Thought Burned Are
Found to be Copies; Quiet
Title Appeal Decided.

Word was received here yesterday that the State Supreme Court has affirmed the judgment of Superior Judge Taft in favor of the defendant in the action brought by Earl J. McCully, executor of the estate of Lulu M. MacArthur, against Clifford W. MacArthur, also known as Clifford B. Whitmore, quiet title deeds parcels of land in Los Angeles, Imperial, San Diego, Sacramento and Tulare counties.

It seems from the record that the deceased and defendants lived as mother and son for twenty years. There was no kinship, neither had he been adopted. On Nov. 2, 1917, thinking that she was dying, Mrs. MacArthur signed deeds transferring the property involved to the young man. The acknowledgment was taken before Mabel W. Willebrandt, now an assistant to Atty-Gen. Daugherty. At the time Mrs. MacArthur told her friends that if she did not die that night the deeds were to be returned to her. She did not die and on December 19 they were returned, and she thought she destroyed them, but it turned out that what she burned were only copies of the instruments, and that on April 27, 1918, the young man placed them on record in the various counties where the property was located. Her executor asked that the deeds be declared null and void, that the transfers be canceled and that the title to the land be quieted.

The court holds that there had been a valid delivery of the deeds; that Mr. MacArthur already held a one-half interest in the real estate and was holding the other half in trust for her benefit.

CHARGES CRUELTY.

VENTURA, Oct. 11.—Eleanora Agueros had the flu and was seriously ill with it. But her husband, Dave Agueros, struck her and then left her, she charges in suit for divorce filed here. They were married in April, 1917. He left the home on January 1 of this year, according to the complaint.

BICKERING OF COAST'S CITIES HIT.

Ad Club Maps Program to
Get Knockers to Unite for
Good of West.

Unity of action among cities of the Pacific Coast is to be brought about by the Pacific Coast Advertising Clubs Association, declared Rollin C. Ayres, president of the organization, at the weekly luncheon, yesterday of the Advertising Club at the Alexandria.

The association now has fourteen clubs with 2672 members, and has mapped out a very comprehensive program for the year's activities.

"We are now formulating a plan whereby we will be able to eliminate some of the intensely knocking along the Coast," Mr. Ayres said. "There is too much petty bickering between our Pacific Coast cities. These intensely brawls amuse the country at large, but they do not attract. Our plan will call for the co-operation of the newspapers to act as a go-between and unprofitable knocking."

"Business men should become more familiar with the Pacific Coast and also enlarge their circle of business acquaintances. We will make strenuous efforts to get the owners of business sales managers and others to attend our conventions, which are educational and instructive, as the subjects discussed cover a wide field in advertising and sales promotion."

"Organization of a flying squadron of better business bureau workers is planned. This squadron will visit the various bureaus of the Coast clubs and assist in increasing the financial support and likewise help in improving the service rendered by the bureaus to eliminate all fraudulent, misleading or deceptive advertising that preys upon the credulity of the public."

TREASURER OF VENICE ACQUITTED

Peasgood Proves That His
Handling of Beach City's
Funds Was Within the Law.

J. T. Peasgood, City Treasurer of Venice, yesterday was acquitted by a jury in Judge McCormick's court on a charge of misconduct in office. Mr. Peasgood was adjudged not guilty of five charges made in a grand jury accusation.

It was charged that the City Treasurer deposited money in the Venice banks and failed to collect interest thereon. He showed, however, that the law permits city deposits up to only a certain per cent of the bank's capitalization and that he had placed checks and money in a safe deposit vault for safe keeping until financial arrangements could be made with other banks as he had already overdeposited with one bank.

Following the returning of the verdict by the jury, which was out forty minutes, the members congratulated Mr. Peasgood. The case dates back to an eruption in the beach city when one faction attempted to oust another. Several officials are yet to be tried on various accusations made by the grand jury.

Imperial Man, Cash Missing; Cards Blamed.

K. C. Hagerty, a trusted employee of the Imperial Irrigation District, has disappeared from Andrade and \$1000 in company funds and \$500 taken from a postoffice safe there are also missing, it developed yesterday after postal authorities had investigated.

The looted postoffice safe, which vanished last Sunday, has been located at the irrigation company's offices in Andrade, Imperial county, and Hagerty, who was the company's timekeeper and custodian of funds, is supposed to be trying to make his way to the East.

Officials of the irrigation company said last night that their investigations had disclosed that Hagerty, who had always borne a spotless reputation, lost a large sum of money in a card game in Yuma some time ago and that since he had visited the Arizona city and won back part of his losses. Last Sunday, it is said, he played again and lost virtually all the money he had. He was last seen in Yuma Sunday evening.

And justice dear and tried,
Whose courage never wavers
Before the moment's hate,
But speaks, disdaining favors,
The truth that will not wait?

Which is the fairest paper,
And California's boast,
Whose spirit goes to shape her
From Inyo to the Coast,
From Fresno through to Brawley,
From Needles to the sea,
Who wars on shameless folly
And blatant bigotry?

In all the strenuous ages
None with our own compare.
Blind folly daily wages
Its combat everywhere.
We loathe our wealthy neighbors,
And with invective wild,
Men carry to their labors
The passions of a child.

We hear the newsmen crying
Their wars along the streets.
We mark who does the buying
Of sundry saffron sheets.
Sad folk with stollen faces
Unschool in speech and dress,
They sit in public places
And read the yellow press.

To name our greatest journal
The merest child could tell.

COMMERCIAL - SAVINGS

THIS is a large Bank; resources today exceed \$35,000,000. Its size, organization and facilities enable it to handle directly or through its connections, practically any banking transaction that the business of its Customers may require.

But the disadvantages of mere "bigness" are overcome in California Bank by our widespread "branch" system. In no one location are we over-crowded with Customers.

Thus service is superior—helpful and friendly—as well as business-like and accurate. There is a human quality in our relations with Customers that is valuable both to them and to us. It means co-operation.

Does Your Housework Tire You?

If your housework tires you unduly, if you suffer from headache, indigestion, biliousness or "blues," it means that your liver is out of order, your stomach is upset or your bowels are not working properly.

CHAMBERLAIN'S TABLETS

will provide the gentle stimulant that will set your system at work again. They will quicken your sluggish liver, tone up your stomach and gently cleanse your bowels.

Always keep a bottle of CHAMBERLAIN'S TABLETS in the house and rely for the first sign of headache or indigestion.

What Do You Know About Your Blood?

Is it Rich? Is it Free of Waste Products? Is it Pure?

How the Test May Be Made.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition.

Get S. S. S. at your drugist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-717 S. S. S. Laboratory, Atlanta, Ga., for special medical advice (without charge). He is helping people every day. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all druggists.

Borax Action Reopening is Refused Here.

United States District Judge Trippe Monday refused to reopen the action of the United States Borax Company against J. P. Hughes involving the ownership of valuable borax deposits in Death Valley. Mr. Hughes lost the case, which was tried in 1919. In seeking a retrial he charged fraud in the evidence submitted by Jack Davies, one of the witnesses for the company. Judge Trippe said that even if perjured testimony had been given, there was no assertion in the bill before him that it had been procured by the defendant corporation, and that in the absence of any such proof he could not take it for granted.

MUST SHOW ASSETS.

Court to See Man's Books in Order to Fix Wife's Alimony.

Karl L. Leaming was ordered by Judge Summerfield yesterday to bring his books into court on the 17th inst. to show his earnings, so that the alimony to be paid his wife, Berdie Leaming, may be fixed. Mrs. Leaming has sued him for divorce, charging that he caused her mental suffering through his purported association with Lillian May Snibley. Mr. Leaming has a fleet of trucks, but asserts that while he has \$1500 it is money borrowed on a chattel mortgage given on the trucks. He said he wants to use the money to carry on his business.

RECKLESS SIX
SENT TO JAIL.Traffic Law Violators Given
Dues in City, County.Judge Tells Speeders They
Need Expect No Mercy.Fines in Justice Court More
Than Two Thousand.

Violators of traffic laws got their dues yesterday in city and county courts, and several went to jail without the alternative of a fine.

"I am going to try and make the public streets of Los Angeles safe for pedestrian and automobile alike," Judge Charles H. W. Johnson said in a statement after the session.

This is what Police Judge Johnson said yesterday just before he sent four men to the City Jail to serve sentences for reckless driving and speeding which expect no mercy. Most of them will go to jail.

George H. Wakenfield, a marine from the U.S.S. Pennsylvania, was convicted of driving his automobile in a reckless manner on Huntington Drive. He was given 100 days.

Wakenfield was arrested by Motorists Officers Robinson and Dutton.

Pete Belletich of 852 North Broadway, arrested on September 21 and charged with reckless driving after he had cut around a street car and crashed his automobile into a car, was sentenced to thirty days.

G. M. Lindsay, charged with reckless driving his automobile in a reckless manner, and with having wrecked it against the side of a street car, was given twenty days.

Witness testified that one man was injured in the collision. Twenty days was also the sentence passed on Manuel Monero, a Mexican arrested by Patrolman Fletcher for driving at forty-five miles an hour on Main street. Patrolman Fletcher testified that Monero would have escaped him if it had not been for a traffic jam that forced him to slow up.

The automobile cases in Justice Court yesterday enriched the county treasury by \$380. R. F. Caster, aged 31 years, went to jail for ten days for fast driving, and S. H. Reid, a negro, 19 years, must serve five days for a similar offense.

Wasp Waists and Toothpick Shoes

Once stylish! Can you imagine such torture just to follow a silly style? Yet today people wear tight, cramping shoes because someone says they are stylish. The best taste is to wear the thing that is comfortable. Ground Grippers are fine looking because they look comfortable and are comfortable.

Avoid the delusion that shoes to be stylish must be tight and torturing! You run the risk of never-ending foot troubles that may upset your whole life.

Try Ground Grippers. They prevent and remedy foot trouble.

HEADACHES are in the majority of cases, caused by EYE STRAIN. NORMAL eyes use 15 per cent of the vital energy generated by the human system—STRAINED eyes must use MORE. Daily they rob some other vital organ of its share—but not without protest—headaches and "symptoms" are but nature's warning of abuse.

BOWEL POISON MAKES YOU SICK.

Your bowels may seem regular—move every day—yet your thirty feet of bowels may be lined with poisonous waste which is being sucked into your blood, keeping you half sick, nervous, despondent and upset. Whether you have headache, cold, sour stomach, indigestion or heart palpitation, it is usually from bowel

poison. Hurry! One or two Cascarets to-night will clean your bowels right. By morning all the constipation poison and sour bile will move out—thoroughly! Cascarets will not sick you—they physiologically, but never grip or inconvenience. (Advertisement)

BLIMEY, IT'S A MENAGERIE.

"Blimey, she's a bloomin' menagerie."

After working several hours in the hold of the Pacific Mail liner Venezuela, which docked yesterday at Los Angeles Harbor, a longshoreman with a cockney accent thus described the ship.

More than 750 screaming and brilliant blue parakeets, macaws and parrots formed part of the cargo, to say nothing of an even dozen goats of high degree. The birds came from the tropics and the goats from the famous monastery of St. Gothard, in Switzerland. If like the average easterner who comes to California, they thrive here, more will be imported and Los Angeles goat fanciers will soon be bidding for them, it is predicted.

The dozen Swiss goats were chartered by Amiel Palad, one of

Switzerland's foremost stockmen. The milk of these Alpine Mountain-climbers has been found excellent for persons suffering from tuberculosis. Mr. Palad explained. His charge are valued at more than \$100,000, he said.

The chattering birds are on the next to the last leg of a 21,000-mile journey to Australia and are in charge of Richard White of Sydney, one of the foremost ornithologists of Australia. They represent an investment of more than \$21,000, to say nothing of seven months of hard work spent in their capture. Mr. White said. During the past twelve years Mr. White has transported more than 14,000 parrots, in addition to a large number of monkeys and other animals, from the tropics to Australia.

The birds will be transhipped to San Francisco and will be put on the liner Sonoma there for Sydney.

Lieut.-Col. F. C. Prescott, Jr. WELL-KNOWN VETERAN IS TAKEN BY DEATH.

Lieut.-Col. Frank C. Prescott, Jr., attorney and veteran of the Spanish War, the Mexican border service and the World War, died yesterday morning at the home of his father, Gen. Frank C. Prescott, 2988 Harvard Boulevard.

Col. Prescott was born Nov. 3, 1874, at Oakland. He was a captain and commissary officer in the Seventh Regiment, National Guard of California, for many years, having been in command of the machine-gun company. He commanded the First Battalion, Seventh Infantry, on the Mexican border and as commander of the same unit was stationed at North Island, San Diego, in the World War.

At the time the regiment was ordered overseas, he was examined for the presence of diabetes and he was refused a physical examination. However, a physical examination showed the presence of diabetes and he was refused as lieutenant-colonel.

Col. Prescott was engaged actively in the practice of law with his father. He was admitted to the bar of the Supreme Court and the Federal courts, and his activities covered a wide range. He was a member of the naval and military order of the Spanish War, the Sons of the Revolution and the American Legion. He had been a vestryman of Epiphany Episcopal Church.

Col. Prescott leaves his father, a widow and two sons and five daughters. The family lives at 733 South Harvard Boulevard.

Thankful He Was Not a Woman

The late Lawson Tait, of England, the great woman's doctor, said he never went to bed at night without thanking heaven he was not born a woman. No doctor ever knew better than he what women have to suffer at some time of their lives. It was an American woman, long since passed to her reward, who introduced a combination of roots and herbs called Lydia E. Pinkham's Vegetable Compound, that has proved wonderfully successful in mitigating suffering and relieving diseases of women. It has brought relief to thousands of women who have suffered from female ills.—[Advertisement.]

SHIP SUBSIDY DECLARED VITAL TO NATION.

There can be no questioning the absolute necessity of the United States government granting a subsidy of some character to American shipping if the American flag is to continue to fly on the highways of commerce, according to Frank Waterhouse, publisher of Pacific Ports, international trade and shipping magazine now being published in Los Angeles, in discussing yesterday the announced plans of the Harding administration to tackle the subsidy problem.

"The merchant marine today forms the basis of a subject of immeasurable importance to all the people of the United States," said Mr. Waterhouse, "not necessarily in itself, but in connection with the important part it is capable of playing in the development of the international commerce of the country. Be-

ing government-owned and government-operated, it belongs to all citizens of the United States—and as their property, it is absolutely imperative that they obtain a clear, uncolored appreciation of the "reason why" of the merchant marine, and its purposes and possibilities.

"Unless this appreciation on the part of the nation as a whole is obtained, and unless the merchant marine is viewed in the only logical light in which it should be viewed—as an important aid to the country's foreign commerce and not necessarily as an institution that should stand on its own legs and show a profit—the United States might just as well banish all hopes of ever having a fleet of ocean carriers sailing in and out of its ports under its own flag and from the commercial centers of the world. This statement is not based upon whimsical theory—it is not hung on

a peg of selfish thought. It is a straight, blunt statement of facts.

"The United States government today is not able to operate its fleet of 2000 and more cargo vessels at a profit, in competition with the merchant marine of the other great powers of the world. And it is very doubtful if the day will ever arrive when the government will be able to operate its merchant marine at a profit.

"It is either a case of America retiring from the seas or making our merchant marine a permanent institution. The subsidy is the only solution."

29,000 in New Pianos to Go for 18,444

A piano sale is, in itself, unusual—but such tremendous reductions make this the biggest piano event of the year in Los Angeles.

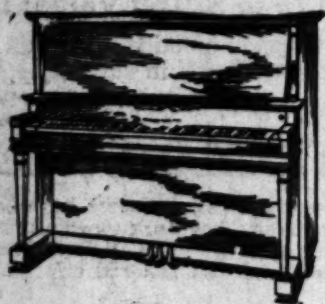

Because Hamburger's is discontinuing the Baldwin line, every instrument in our regular stock must be closed out regardless of original cost.

This does not affect in any way the high quality or satisfaction to be expected from the pianos. Hamburger's guarantee stands behind every one.

Included in the sale are the following pianos, all new and from the Baldwin factories in Cincinnati. They prove what wonderful values you are able to get in this sale.

Heigh-Ho For Baby Day In the Anniversary Sales!

Such a jolly lot of specials—such a jolly lot of savings—and such a dear and lovely lot of lovely tots and babies wanting pretties and needfuls!

Infants' Handmade Long Dresses Only

Just words could never, never make any mother understand how lovely each and every one of these dresses is. They are perfectly adorable styles—and remember, every stitch is made by hand—as daintily, as prettily, as most particular of mothers could do if they tried ever and ever so hard. Finest trims, dainty lace and fine braid stitching make them absolutely irresistible at 1.45—The lowest price that, to our knowledge, has ever been presented for dresses of this quality.

1.50 Silk and Wool Vests, 85c

Double-breasted style—just as every mother chooses for the layette—and to think that the price is almost halved for this last "Wednesday in the Anniversary." Sizes 2 and 3 at this remarkable reduction.

5.95 to 7.50 Kozy Wraps, 4.65

Every mother knows about them—so wide has been their popularity—all because they are so practical. Baby is bundled up so snugly in a Kozy Wrap that there is not the slightest chance for draughts or winds to chill. It is a combination coat, blanket, carriage or auto robe, hood, leggings and mittens—ALL in ONE! Beacoon cloth, white elderdown and corduroy are the materials. Limited quantity.

24x24 Bird's-eye Diapers

1.45 Dozen

The large size hemmed and done up in a ready-to-use package—ready for use. Mothers find this a real way to get them—and so economical it can't be called Baby Day.

1.50 Bathrobes for Infants

Any wee one up to one year old may be dressed in a bathrobe that is always in demand. Truly a "must-have" value that can be effective only on Baby Day.

Every Toddler Needs One of These Coats and Hats

Each day brings more of the very newest models—many with hats and coats exactly matched—made to order. Then there are coats and hats of tailored or fancy hats and dear little bonnets that have just arrived—displayed for Baby Day.

Fur sets are being chosen so eagerly—many mothers preferring to make a selection now while stocks are wonderfully complete.

One will find a veritable Fashion Exposition in the Baby Shop today.

Tots' 13.50 "Dress-Up" Frocks at 8.50

Georgette, taffeta, serge—adorable styles in light colors for very "dress-up" occasions, or black, navy and other times that call for frocks just a wee bit dressed up. Then there are coats and hats of tailored or fancy hats and dear little bonnets that have just arrived—displayed for Baby Day.

3.95 Wool Sweaters, 2.95

What of kindergarten days when wee tots need just a little added warmth—or the motor trips and the playtime hours when a sweater is just right worn alone or underneath a coat. Button-down-the-front styles with turn-down collars and belts. Sizes 2 to 5.

Tots' 1.25 Gingham and Chambray Tub Dresses

When in the value history of the Baby Shop has such a price as this been possible? Even 1.25 was a new low for the same little dresses as are presented at almost half that marking. Beautifully made—mothers will find that—and of remarkable pretty materials. The styles are adorable and offer a wide selection. Sizes 2 to 5. (Hamburger's—Baby Shop—Second Floor—Today)

Wool Slip-on Sweaters, 4.95

The convenient model that women are wearing in the place of blouses—for sports, for any occasion that calls for a smart costume. Just the colors that you would want for Fall are here—with sizes 34 to 44.

Wool Tuxedo Sweaters or Fibre Scarfs, 6.75

Sweaters taken right out of Hamburger's 8.95 and 10.00 stocks—weaves of the new season—colors of the new season—tuxedo brushed wool or plain knitted collars and novel belts. Sizes 34 to 44.

Scarfs—gray shades, beautiful stripes and combinations—just the length and width that is the most fashionable this season.

The New Knitted Sport Hats, 7.95

Many, many stunning colors and combinations—the jaunty crushable hats that are worn by every type successfully. Marked so closely as to bring the price in reality to a sale level.

(Hamburger's—Second Floor—Today)

Women's Silk or Wool Frocks 24.50

—Such glorious new stocks have arrived. Silks of the firm, rich quality that one expects to find at very much higher markings—wool frocks of the new-season fashion, boasting novel trimmings and finish that exclusive models invariably claim.

Sizes for both Women and Misses—With Fashions Correspondingly Conservative or Piquantly Youthful.

Fall's most practical colors—with brown, navy and black taking prominent places.
